

Soft Plastics Recycling in NZ

Sherborne is very proud to support Soft Plastics Recycling NZ and encourages the use of materials that can be accepted through this scheme.

All our custom printed bags have the option to utilise soft plastics recyclable materials, without compromising on barrier or print qualities. We are able to print the soft plastics logo on your products for consumer recognition.

We have a range of options to suit individual products, so please get in touch if you would like more information.

About Soft Plastics Recycling

“The Packaging Forum's Soft Plastic Recycling Scheme lets New Zealanders recycle plastic bags and wrappers. The Soft Plastic Recycling Scheme is part of The Packaging Forum family which invests in and promotes recycling solutions, so you can help keep New Zealand green and clean. Their focus is to help find end of life solutions for packaging, particularly for recycling soft plastic.

The Love NZ Soft Plastic Recycling Programme is about informing New Zealanders about how to keep plastic bags and packaging out of landfill. Collect all the soft plastic packaging which you use at home, make sure the bags are empty and dry and drop them into the Love NZ Soft Plastics Recycling bins at supermarket and retail premises.

The project takes all soft plastic bags including bread bags, frozen food bags, toilet paper packaging, confectionery and biscuit wrap, chip bags, pasta and rice bags, courier envelopes, shopping bags, sanitary hygiene packaging - basically anything made of plastic which can be crunched into a ball. Customers should bring their used soft plastics back to store and put them in the soft plastics recycling bin.

Soft plastic collections are available at selected Countdown, The Warehouse, New World, Pak'nSave stores and other locations in Auckland, Bay of Plenty, Christchurch, Northland, Waikato, Taranaki and Wellington regions. Please check the Soft Plastics Store Locator for a full list; <https://www.recycling.kiwi.nz/store-locator>”
